Development**

Ted Strickland, Governor  
Lee Fisher, Lt. Governor

Mark Barbash, Interim Director

Dear Fellow Ohioan:

The Ohio Private Investment Survey is an informative report that is a must read for anyone interested in Ohio's future economy. The three years of announced private sector projects by county shows us where investment, jobs and new sales will be generated in the coming years.

The \$50 million investment lists provide a focused outline on where major investments are being made throughout Ohio. In total, there were 25 projects across the state in 2008. The largest was the advanced energy complex for Beard Energy in Wellsville, along the Ohio River. First Solar and Willard & Kelsey Solar each made major investments in solar technologies in Wood County near Toledo.

This report provides the data that is submitted to *Site Selection* magazine for its annual review of state economic development projects. The magazine awards the **Governor's Cup** to the state with the largest number of qualifying projects. Ohio received this prestigious national recognition in 2008 for the third year in a row.

Ohio's diversity of industries has placed our state among world market leaders. This diversity is complemented by a highly competitive business environment that encourages the corporate growth and profitability necessary for success on the job, as well as cultural, educational and recreational opportunities for a satisfying lifestyle away from the workplace. Ohio's unique combination of life and work amenities makes the state a leader in providing the kind of balance employees strive for in their lives.

I invite you to review the attached report to expand your understanding of Ohio's large and diverse economy. We welcome your input; if you have any questions or comments, please contact John Magill, Chief Strategic Officer for the Ohio Department of Development, at 614-466-2116.

Sincerely,

A handwritten signature in blue ink, appearing to read "Mark Barbash".

Mark Barbash  
Interim Director  
Ohio Department of Development
