

Dear Tax Increment Financing Administrator:

This letter serves as notice that the 2016 Tax Increment Financing (TIF) Annual Report is due to the Ohio Development Services Agency (Development). All communities that have enacted TIF legislation are required to submit an annual status report for each project pursuant to the Ohio Revised Code Sections 5709.40(I), 5709.41(E), 5709.73(I), and 5709.78(H).

The report is to include all open TIF projects (legislatively created), regardless of whether construction activities have gone forward (real property improvements or public infrastructure). All program activities through December 31, 2016 should be covered. A separate report must be completed for each TIF.

The TIF Annual Report must be filed by March 31, 2017.

For the 2016 reporting year, TIF Annual Status Reports MUST be filed electronically on the Ohio Development Services Agency's (Development) TIF web page. The page's address is: http://development.ohio.gov/bs/bs_tif.htm. This page includes TIF general information, this letter, electronic filing instructions, instructions on how to complete the annual report and a blank 2016 reporting form worksheet.

This year each TIF Annual Report will also require the enacting political subdivision to update the contact information for a local TIF representative tasked to handle TIF-related questions. This information will be made publicly available through Development's TIF webpage so that businesses, consultants, government employees and the public can contact the local political subdivision about potential projects as well as questions related to locally enacted TIFs.

If you have any questions regarding the 2016 report, please contact Daniel Strasser, Tax Incentives Analyst, at daniel.strasser@development.ohio.gov. Thank you for your assistance in completing the 2016 TIF Program Annual Status Report.

Sincerely,

Daryl P. Hennessy
Chief
Business Services Division
