

Round 3: Application Form

Local Government Innovation Fund

Step One: Fill out this Application Form in its entirety.

Step Two: Fill out the online submission form and submit your application materials. All supplemental application materials should be combined into one file for submission.

LGIF: Applicant Profile

Lead Applicant	
Project Name	
Type of Request	
Funding Request	
JobsOhio Region	
Number of Collaborative Partners	

Office of Redevelopment

Website: <http://development.ohio.gov/Urban/LGIF.htm>

Email: LGIF@development.ohio.gov

Phone: 614 | 995 2292

Lead Applicant		Round 3	
Project Name		Type of Request	

Lead Applicant				
Mailing Address:	Address Line 1			
	Address Line 2			
	City	State	Zip Code	
City, Township or Village			Population (2010)	
County			Population (2010)	
Did the lead applicant provide a resolution of support?		Yes (Attached)	No (In Process)	

Project Contact				
Complete the section below with information for the individual to be contacted on matters involving this application.				
	Project Contact		Title	
Mailing Address:	Address Line 1			
	Address Line 2			
	City	State	Zip Code	
Email Address			Phone Number	

Fiscal Officer				
Complete the section below with information for the entity and individual serving as the fiscal agent for the project.				
	Fiscal Officer		Title	
Mailing Address:	Address Line 1			
	Address Line 2			
	City	State	Zip Code	
Email Address			Phone Number	
Is your organization registered in OAKS as a vendor?		Yes	No	

Section 1
Contacts

Lead Applicant		Round 3	
Project Name		Type of	

Single Applicant		
Is your organization applying as a single entity?	Yes	No
Participating Entity: (1 point) for single applicants		

Collaborative Partners		
Does the proposal involve other entities acting as collaborative partners?	Yes	No
<p>Applicants applying with a collaborative partner are required to show proof of the partnership with a partnership agreement signed by each partner and resolutions of support from the governing entities. If the collaborative partner does not have a governing entity, a letter of support from the partnering organization is sufficient. Include these documents in the supporting documents section of the application.</p> <p>In the section below, applicants are required to identify population information and the nature of the partnership.</p> <p>Each collaborative partner should also be clearly and separately identified on pages 4-5.</p>		
Number of Collaborative Partners who signed the partnership agreement, and provided resolutions of support.		
Participating Entity: (5 points) allocated to projects with collaborative partners.		

Population		
The applicant is required to provide information from the 2010 U.S. Census information, available at: http://factfinder2.census.gov/		
Does the applicant (or collaborative partner) represent a city, township or village with a population of less than 20,000 residents?	Yes	No
	List Entity	
	Municipality/Township	Population
Does the applicant (or collaborative partner) represent a county with a population of less than 235,000 residents?	Yes	No
	List Entity	
	County	Population
Population: (3-5 points) determined by the smallest population listed in the application. Applications from (or collaborating with) small communities are preferred.		

Section 2 Collaborative Partners

Lead Applicant		Round 3	
Project Name		Type of Request	

Nature of Partnership (2000 character limit)

As agreed upon in the partnership agreement, please identify the nature of the partnership, and explain how the main applicant and the partners will work together on the proposed project.

Section 2 Collaborative Partners

List of Partners

The applicant applying with collaborative partners (defined in §1.03 of the LGIF Policies) must include the following information for each applicant:

- Name of collaborative partners
- Contact Information
- Population data (derived from the 2010 U.S. Census)

If the project involves more than 12 collaborative partners, additional forms are available on the LGIF website.

Section 2 Collaborative Partners

Lead Applicant		Round 3	
Project Name		Type of Request	

Identification of the Type of Award	
Targeted Approach	

Project Description (4000 character limit)

Please provide a general description of the project. The information provided will be used for council briefings, program, and marketing materials.

Section 3
Project Information

Lead Applicant		Round 3	
Project Name		Type of Request	

Past Success	Yes	No
Past Success (5 points)		
Provide a summary of past efforts to implement a project to improve efficiency, implement shared services, coproduction, or a merger. (1000 character limit)		

Scalable/Replicable Proposal	Scalable	Replicable	Both
Scalable/Replicable (10 points)			
Provide a summary of how the applicant's proposal can be replicated by other local governments or scaled for the inclusion of other local governments. (1000 character limit)			

Section 3
Project Information

Probability of Success	Yes	No
Probability of Success (5 points)		
Provide a summary of the likelihood of the grant study recommendations being implemented. Applicants requesting a loan should provide a summary of the probability of savings from the loan request. (1000 character limit)		

Lead Applicant		Round 3	
Project Name		Type of Request	

Performance Audit Implementation/Cost Benchmarking	Yes	No
Performance Audit/Benchmarking (5 points)		
<p>If the project is the result of recommendations from a performance audit provided by the Auditor of State under Chapter 117 of the Ohio Revised Code or a cost benchmarking study, please attach a copy with the supporting documents. In the section below, provide a summary of the performance audit or cost benchmarking study. (1000 character limit)</p>		

Economic Impact	Yes	No
Economic Impact (5 points)		
<p>Provide a summary of how the proposal will promote a business environment (through a private business relationship) and/or provide for community attraction. (1000 character limit)</p>		

Section 3
Project Information

Response to Economic Demand	Yes	No
Response to Economic Demand (5 points)		
<p>Provide a summary of how the project responds to substantial changes in economic demand for local or regional government services. The narrative should include a description of the current service level. (1000 character limit)</p>		

Budget Information

General Instructions

- Both the Project Budget and Program Budgets are required to be filled out in this form.
- Consolidate budget information to fit in the form. Additional budget detail may be provided in the budget narrative or in an attachment in Section 5: Supplemental Information.

Project Budget:

- The Project Budget justification must be explained in the Project Budget Narrative section of the application. This section is also used to explain the reasoning behind any items on the budget that are not self explanatory, and provide additional detail about project expenses.
- The Project Budget should be for the period that covers the entire project. The look-back period for in-kind contributions is two (2) years. These contributions are considered a part of the total project costs.
- For the Project Budget, indicate which entity and revenue source will be used to fund each expense. This information will be used to help determine eligible project expenses.
- Please provide documentation of all in-kind match contributions in the supporting documents section. For future in-kind match contributions, supporting documentation will be provided at a later date.

Program Budget:

- Six (6) years of Program Budgets should be provided. The standard submission should include three years previous budgets (actual), and three years of projections including implementation of the proposed project. A second set of three years of projections (one set including implementation of this program, and one set where no shared services occurred) may be provided in lieu of three years previous if this does not apply to the proposed project.
- Please use the Program Budget Narrative section to explain any unusual activities or expenses, and to defend the budget projections. If the budget requires the combining of costs on the budget template, please explain this in the narrative.

Return on Investment:

- A Return on Investment calculation is required, and should reference cost savings, cost avoidance and/or increased revenues indicated in the budget projection sections of the application. Use the space designated for narrative to justify this calculation, using references when appropriate.

For Loan Applications only:

- Using the space provided, outline a loan repayment structure.
- Attach three years prior financial documents related to the financial health of the lead applicant (balance sheet, income statement, and a statement of cash flows).

Program Budget

Use this space to justify the program budget and/or explain any unusual revenues or expenses (6000 characters max).

Section 4: Financial Information Scoring

- (5 points) Applicant provided complete and accurate budget information and narrative justification for a total of six fiscal years.
- (3 points) Applicant provided complete and accurate budget information and for at least three fiscal years.
- (1 point) Applicant provided complete and accurate budget information for less than three fiscal years.

Lead Applicant		Round 3	
Project Name		Type of Request	

Return On Investment

Return on Investment is a performance measure used to evaluate the efficiency of an investment. To derive the expected return on investment, divide the net gains of the project by the net costs. For these calculations, please use the implementation gains and costs, NOT the project costs (the cost of the feasibility, planning, or management study)--unless the results of this study will lead to direct savings without additional implementation costs. The gains from this project should be derived from the prior and future program budgets provided, and should be justified in the return on investment narrative.

Return on Investment Formulas:

Consider the following questions when determining the appropriate ROI formula for the project. Check the box of the formula used to determine the ROI for the project. These numbers should refer to savings/revenues illustrated in projected budgets.

Do you expect cost savings from efficiency from the project?

Use this formula:
$$\frac{\text{Total \$ Saved}}{\text{Total Program Costs}} * 100 = \text{ROI}$$

Do you expect cost avoidance from the implementation of the project/program?

Use this formula:
$$\frac{\text{Total Cost Avoided}}{\text{Total Program Costs}} * 100 = \text{ROI}$$

Do you expect increased revenues as a result of the project/program?

Use this formula:
$$\frac{\text{Total New Revenue}}{\text{Total Program Costs}} * 100 = \text{ROI}$$

Expected Return on Investment = _____ * 100 = _____

Return on Investment Justification Narrative: In the space below, briefly describe the nature of the expected return on investment, using references when appropriate. (1300 character limit)

Expected Return on Investment is:

Less than 25% (10 points)
25%-74.99% (20 points)
Greater than 75% (30 points)

Questions about how to calculate ROI? Please contact the Office of Redevelopment at 614-995-2292 or lgif@development.ohio.gov

Section 4
Financial Information

Lead Applicant		Round 3	
Project Name		Type of Request	

Loan Repayment Structure

Please outline the preferred loan repayment structure. At a minimum, please include the following: the entities responsible for repayment of the loan, all parties responsible for providing match amounts, and an alternative funding source (in lieu of collateral). Applicants will have two years to complete the project upon execution of the loan agreement, and the repayment period will begin upon the final disbursement of the loan funds. A description of expected savings over the term of the loan may be used as a repayment source.

Section 4
Financial Information

Applicant demonstrates a viable repayment source to support loan award. Secondary source can be in the form of a debt reserve, bank participation, a guarantee from a local entity, or other collateral (i.e. emergency, rainy day, or contingency fund, etc).

Applicant clearly demonstrates a secondary repayment source (5 points)	Applicant does not have a secondary repayment source (0 points)
--	---

Lead Applicant		Round 3	
Project Name		Type of Request	

Scoring Overview

Section 1: Collaborative Measures

Collaborative Measures	Description	Max Points		Applicant Self Score
Population	Applicant's population (or the population of the area(s) served) falls within one of the listed categories as determined by the U.S. Census Bureau. Population scoring will be determined by the smallest population listed in the application. Applications from (or collaborating with) small communities are preferred.	5		
Participating Entities	Applicant has executed partnership agreements outlining all collaborative partners and participation agreements and has resolutions of support. (Note: Sole applicants only need to provide a resolution of support from its governing entity.	5		

Section 2: Success Measures

Past Success	Applicant has successfully implemented, or is following project guidance from a shared services model, for an efficiency, shared service, coproduction or merger project in the past.	5		
Scalable/Replicable Proposal	Applicant's proposal can be replicated by other local governments or scaled for the inclusion of other local governments.	10		
Probability of Success	Applicant provides a documented need for the project and clearly outlines the likelihood of the need being met.	5		

Section 3: Significance Measures

Performance Audit Implementation/Cost Benchmarking	The project implements a single recommendation from a performance audit provided by the Auditor of State under Chapter 117 of the Ohio Revised Code or is informed by cost benchmarking.	5		
Economic Impact	Applicant demonstrates the project will a promote business environment (i.e., demonstrates a business relationship resulting from the project) and will provide for community attraction (i.e., cost avoidance with respect to taxes)	5		
Response to Economic Demand	The project responds to current substantial changes in economic demand for local or regional government services.	5		

Section 4: Financial Measures

Financial Information	Applicant includes financial information (i.e., service related operating budgets) for the most recent three years and the three year period following the project. The financial information must be directly related to the scope of the project and will be used as the cost basis for determining any savings resulting from the project.	5		
Local Match	Percentage of local matching funds being contributed to the project. This may include in-kind contributions.	5		
Expected Return	Applicant demonstrates as a percentage of savings (i.e., actual savings, increased revenue, or cost avoidance) an expected return. The return must be derived from the applicant's cost basis.	30		
Repayment Structure (Loan Only)	Applicant demonstrates a viable repayment source to support loan award. Secondary source can be in the form of a debt reserve, bank participation, a guarantee from a local entity, or other collateral (i.e., emergency fund, rainy day fund, contingency fund, etc.).	5

Reynoldsburg City Schools

To whom it may concern:

The Reynoldsburg City School District is pleased to work with the Educational Services Center of Central Ohio, Ohio Education Matters and other partners to develop a cradle to career education partnership.

Our district has learned a great deal in recent years about developing shared service partnerships and looks forward to planning for a broader, coordinated effort to support the regions shared educational goals. Our students deserve every opportunity to prepare for the careers available to them, and our community deserves for its children to be prepared to be productive, contributing adults.

With the support of the Local Government Innovation Fund, the Reynoldsburg area can position itself to align/merge with similar efforts in Columbus and possibly to expand to similar districts with which we already are engaged.

The shared services approach has much promise for our region and our state. We are grateful for the opportunity to advance our work through this program.

Thank you for your consideration,

A handwritten signature in black ink, appearing to read "Steve Dackin".

September 4, 2012

To Whom It May Concern:

The Educational Service Center of Central Ohio is pleased to partner with the Reynoldsburg City School District and Ohio Education Matters to develop a cradle-to-career education partnership in the Reynoldsburg area.

The ESC of Central Ohio and Reynoldsburg have been leaders in two recent initiatives to establish regional goals/strategies for college and career credential attainment. Reynoldsburg partnered with us and four similar school districts to identify shared goals and local strategies for improving access to college programs by working at the ground level (principals, teachers and guidance counselors). At the same time, both the ESC of Central Ohio and Reynoldsburg have been leaders in the Regional Summit: College Access and Success, where ambitious but attainable goals for central Ohio have been identified and agreed upon by the leaders of school districts, career centers, institutions of higher education and businesses.

This initiative provides the opportunity to leverage local talent, energy and resources towards those goals in order to improve outcomes while containing or reducing overall costs. The innovative partnership developed as result of this proposal's funding will be aligned with regionally shared goals and replicable strategies.

The ESC of Central Ohio serves more than 200,000 school children in 27 school districts in Delaware, Franklin, Licking, Ross and Union counties.

Natural areas for expansion or replication are available through our existing coalitions, as well as with Learn for Life, a similar initiative underway in Columbus City Schools. The ESC of Central Ohio is excited to help plan for and initiate this work in Reynoldsburg, and later, to assist in the replication and expansion of this work to improve outcomes and costs for our other member school districts.

Sincerely,

Bart Anderson, Ed.D.
Superintendent

Local Government Innovation Fund
Office of Redevelopment
77 South High Street
P.O. Box 1001
Columbus, Ohio 43216-1001

Dear Local Government Innovation Fund Council Members:

On behalf Reynoldsburg City Schools, I strongly support the grant application for the development of the Reynoldsburg City Schools Education Partnership.

The Reynoldsburg City Schools Education Partnership will serve as a catalyst for working together, across sectors and along the educational continuum, to drive better results in education so that every child can be prepared to enter the workforce with the skills necessary for success. The partnership will work to engage cross-sector community leaders to develop share service agreements to reduce costs, a commitment to aligning advocacy and funding efforts across the partnership and the promotion of the effective use of data to drive decision making and to create efficiencies.

Ohio Education Matters, a subsidiary of KnowledgeWorks, specializes in working with school districts on shared service initiatives that reduce costs and improve the quality of education. We have a strong partnership with Reynoldsburg City Schools and are committed to working with and aiding Reynoldsburg City Schools during the project's scope and beyond.

We look forward to working with Reynoldsburg City Schools and hope that you will be a part of our continued success.

Sincerely,

Andrew Benson
Executive Director
Ohio Education Matters, a subsidiary of KnowledgeWorks

Partnership Agreement
Local Government Innovation Fund Grant

The Reynoldsburg City School District, Ohio Education Matters and the Educational Services Center of Central Ohio agree to work collaboratively on projects to foster post-secondary success and career readiness. In particular, Reynoldsburg City Schools, Ohio Education Matters and the Educational Services Center of Central Ohio will collaborate on a Local Government Innovation Fund grant project focusing on the planning and design of a cradle-to-career education partnership which will support regionally-shared goals to improve student attainment of post-secondary credentials and degrees by addressing academic preparation, alignment, access and affordability.

[1] Other Asian alone, or two or more Asian categories.

[2] Other Pacific Islander alone, or two or more Native Hawaiian and Other Pacific Islander categories.

[3] One of the four most commonly reported multiple-race combinations nationwide in Census 2000.

[4] In combination with one or more of the other races listed. The six numbers may add to more than the total population, and the six percentages may add to more than 100 percent because individuals may report more than one race.

[5] This category is composed of people whose origins are from the Dominican Republic, Spain, and Spanish-speaking Central or South American countries. It also includes general origin responses such as "Latino" or "Hispanic."

[6] "Spouse" represents spouse of the householder. It does not reflect all spouses in a household. Responses of "same-sex spouse" were edited during processing to "unmarried partner."

[7] "Family households" consist of a householder and one or more other people related to the householder by birth, marriage, or adoption. They do not include same-sex married couples even if the marriage was performed in a state issuing marriage certificates for same-sex couples. Same-sex couple households are included in the family households category if there is at least one additional person related to the householder by birth or adoption. Same-sex couple households with no relatives of the householder present are tabulated in nonfamily households. "Nonfamily households" consist of people living alone and households which do not have any members related to the householder.

[8] The homeowner vacancy rate is the proportion of the homeowner inventory that is vacant "for sale." It is computed by dividing the total number of vacant units "for sale only" by the sum of owner-occupied units, vacant units that are "for sale only," and vacant units that have been sold but not yet occupied; and then multiplying by 100.

[9] The rental vacancy rate is the proportion of the rental inventory that is vacant "for rent." It is computed by dividing the total number of vacant units "for rent" by the sum of the renter-occupied units, vacant units that are "for rent," and vacant units that have been rented but not yet occupied; and then multiplying by 100.

[1] Other Asian alone, or two or more Asian categories.

[2] Other Pacific Islander alone, or two or more Native Hawaiian and Other Pacific Islander categories.

[3] One of the four most commonly reported multiple-race combinations nationwide in Census 2000.

[4] In combination with one or more of the other races listed. The six numbers may add to more than the total population, and the six percentages may add to more than 100 percent because individuals may report more than one race.

[5] This category is composed of people whose origins are from the Dominican Republic, Spain, and Spanish-speaking Central or South American countries. It also includes general origin responses such as "Latino" or "Hispanic."

[6] "Spouse" represents spouse of the householder. It does not reflect all spouses in a household. Responses of "same-sex spouse" were edited during processing to "unmarried partner."

[7] "Family households" consist of a householder and one or more other people related to the householder by birth, marriage, or adoption. They do not include same-sex married couples even if the marriage was performed in a state issuing marriage certificates for same-sex couples. Same-sex couple households are included in the family households category if there is at least one additional person related to the householder by birth or adoption. Same-sex couple households with no relatives of the householder present are tabulated in nonfamily households. "Nonfamily households" consist of people living alone and households which do not have any members related to the householder.

[8] The homeowner vacancy rate is the proportion of the homeowner inventory that is vacant "for sale." It is computed by dividing the total number of vacant units "for sale only" by the sum of owner-occupied units, vacant units that are "for sale only," and vacant units that have been sold but not yet occupied; and then multiplying by 100.

[9] The rental vacancy rate is the proportion of the rental inventory that is vacant "for rent." It is computed by dividing the total number of vacant units "for rent" by the sum of the renter-occupied units, vacant units that are "for rent," and vacant units that have been rented but not yet occupied; and then multiplying by 100.

[1] Other Asian alone, or two or more Asian categories.

[2] Other Pacific Islander alone, or two or more Native Hawaiian and Other Pacific Islander categories.

[3] One of the four most commonly reported multiple-race combinations nationwide in Census 2000.

[4] In combination with one or more of the other races listed. The six numbers may add to more than the total population, and the six percentages may add to more than 100 percent because individuals may report more than one race.

[5] This category is composed of people whose origins are from the Dominican Republic, Spain, and Spanish-speaking Central or South American countries. It also includes general origin responses such as "Latino" or "Hispanic."

[6] "Spouse" represents spouse of the householder. It does not reflect all spouses in a household. Responses of "same-sex spouse" were edited during processing to "unmarried partner."

[7] "Family households" consist of a householder and one or more other people related to the householder by birth, marriage, or adoption. They do not include same-sex married couples even if the marriage was performed in a state issuing marriage certificates for same-sex couples. Same-sex couple households are included in the family households category if there is at least one additional person related to the householder by birth or adoption. Same-sex couple households with no relatives of the householder present are tabulated in nonfamily households. "Nonfamily households" consist of people living alone and households which do not have any members related to the householder.

[8] The homeowner vacancy rate is the proportion of the homeowner inventory that is vacant "for sale." It is computed by dividing the total number of vacant units "for sale only" by the sum of owner-occupied units, vacant units that are "for sale only," and vacant units that have been sold but not yet occupied; and then multiplying by 100.

[9] The rental vacancy rate is the proportion of the rental inventory that is vacant "for rent." It is computed by dividing the total number of vacant units "for rent" by the sum of the renter-occupied units, vacant units that are "for rent," and vacant units that have been rented but not yet occupied; and then multiplying by 100.

X Not applicable.

[1] Other Asian alone, or two or more Asian categories.

[2] Other Pacific Islander alone, or two or more Native Hawaiian and Other Pacific Islander categories.

[3] One of the four most commonly reported multiple-race combinations nationwide in Census 2000.

[4] In combination with one or more of the other races listed. The six numbers may add to more than the total population, and the six percentages may add to more than 100 percent because individuals may report more than one race.

[5] This category is composed of people whose origins are from the Dominican Republic, Spain, and Spanish-speaking Central or South American countries. It also includes general origin responses such as "Latino" or "Hispanic."

[6] "Spouse" represents spouse of the householder. It does not reflect all spouses in a household. Responses of "same-sex spouse" were edited during processing to "unmarried partner."

[7] "Family households" consist of a householder and one or more other people related to the householder by birth, marriage, or adoption. They do not include same-sex married couples even if the marriage was performed in a state issuing marriage certificates for same-sex couples. Same-sex couple households are included in the family households category if there is at least one additional person related to the householder by birth or adoption. Same-sex couple households with no relatives of the householder present are tabulated in nonfamily households. "Nonfamily households" consist of people living alone and households which do not have any members related to the householder.

[8] The homeowner vacancy rate is the proportion of the homeowner inventory that is vacant "for sale." It is computed by dividing the total number of vacant units "for sale only" by the sum of owner-occupied units, vacant units that are "for sale only," and vacant units that have been sold but not yet occupied; and then multiplying by 100.

[9] The rental vacancy rate is the proportion of the rental inventory that is vacant "for rent." It is computed by dividing the total number of vacant units "for rent" by the sum of the renter-occupied units, vacant units that are "for rent," and vacant units that have been rented but not yet occupied; and then multiplying by 100.

Reynoldsburg City Schools Education Partnership
Future In-Kind Donation

As part of the Reynoldsburg City Schools Education Partnership proposal to the Local Government Innovation Fund, Reynoldsburg City Schools will contribute grant management services as described below:

Type of Service:	Grant Management Services
Service Provider:	Tricia Moore, Director of Partnerships & Shared Services Reynoldsburg City Schools 7244 E. Main St Reynoldsburg, Ohio 43068
Date/Time:	TBD
Rate of Pay:	\$833/month for 1 year Total Contribution: \$10,000

Cure Response
Reynoldsburg City Schools LGIF Grant Round 3 Application
Project Name: Reynoldsburg City Schools Education Partnership

1. Issue for Response: Format

The application is in the correct format and is ready for review.

2. Issue for Response: Request

The application is for an eligible request.

3. Issue for Response: Project Budget

The project budget is complete. No additional information is needed at this time.

4. Issue for Response: Program Budget

The program budget is complete. No additional information is needed at this time.

5. Issue for Response: Return on Investment

The return on investment calculation is complete and supported by back-up documentation. No further information is needed at this time.

6. Issue for Response: Resolutions of Support

The lead applicant and collaborative partners are required to submit resolutions of support from their governing body for the application to be eligible for funding consideration.

Resolutions of Support from Reynoldsburg City Schools can be found in Appendix A. Ohio Education Matters does not have a governing board and its letter of support can be found in the [supporting documents section](#) of the grant application.

7. Issue for Response: Partnership Agreement

The lead applicant and collaborative partners are required to submit a signed partnership agreement or memorandum of understanding to be considered partners for the purposes of this application.

Upon receiving the cure response for Thea Walsh, the Deputy Chief in the Office of Redevelopment, at the Ohio Department of Development, we discovered that the Local Government Innovation Fund submission site did not upload the supporting documents for the grant. Once this was discovered, the supporting documents were submitted to Nicole Bent, Program Manager in the Office of Redevelopment. The [supporting documents](#) included a signed partnership agreement, which can also be found in Appendix B.

Appendix A: Resolution of Support

Resolution of Support for Local Government Innovation Fund Grant Application

Resolution No. 6.02

Full Title: Resolution supporting a Reynoldsburg City Schools Local Government Innovation Fund Grant Application to plan for the creation of a shared services partnership.

WHEREAS, the Ohio Department of Development has available funds for the Local Government Innovation Fund (LGIF); and

WHEREAS, the LGIF can assist the Reynoldsburg City Schools in the planning of a collaborative partnership to support the college and career readiness of Reynoldsburg children upon graduation; and

WHEREAS, the collaborative, shared services partnership will reduce costs and increase the effectiveness of educational programs in Reynoldsburg; and

WHEREAS, the collaborative, shared services partnership would optimize staff, equipment and facilities and other public resources across jurisdictions to improve operational efficiencies and related outcomes; and

WHEREAS, Reynoldsburg City Schools supports this effort and grant application for \$100,000 with a required match of at least 10% and has allocated \$1.2 million toward the improvement of facilities to share space and staff with Columbus State Community College and will provide in-kind services worth \$10,000 for oversight of the grant; and

WHEREAS, Reynoldsburg City Schools will accept \$10,000 in services from Ohio Education Matters toward the match; and

WHEREAS, Reynoldsburg City Schools agrees to partner with the Educational Services Center of Central Ohio and Ohio Education Matters,

THEREFORE, BE IT RESOLVED, by the Reynoldsburg Board of Education to approve the Local Government Innovation Fund Grant application.

PASSED AND APPROVED this October 18, 2012.

SIGNED: 
Tammira S. Miller, Treasurer

Date: 10/22/12

Appendix B: Partnership Agreement

Partnership Agreement
Local Government Innovation Fund Grant

The Reynoldsburg City School District, Ohio Education Matters and the Educational Services Center of Central Ohio agree to work collaboratively on projects to foster post-secondary success and career readiness. In particular, Reynoldsburg City Schools, Ohio Education Matters and the Educational Services Center of Central Ohio will collaborate on a Local Government Innovation Fund grant project focusing on the planning and design of a cradle-to-career education partnership which will support regionally-shared goals to improve student attainment of post-secondary credentials and degrees by addressing academic preparation, alignment, access and affordability.
